Comments of an Coserver on the Patrons of the Game.

NICE, March 29, 1888.

But, timiss to the cold logs which have kent northern cities salvering since October, many of the regular habitues. and throngs of new visitors came carly in the winter, and the season has been one of more tran average prosperity. As usua'. Americans have p'ayed a large part in the social life of all these winter cities, particularly Nice and Monte-Carlo which more than any other places in Europe, execut Paris, respond to the American idea of what a city of pleasure should be.

Mer tone is c rietly a resort for invarios; San Remo has been commuted and sac cened by anxieties about the crown prince and the quarrets of his anysicians; and Crones is too essentia y an English comm in ty to be attractive to the aver-I number of Americans, was have vilus tiere, but they are mostly besthe bluse
